Office of the Resident in Mysore
Bangalore, 21st June 1881

To

The Dewan
of Mysore

Sir,

With reference to your letter No. 105 dated 10th March last, requesting that orders be issued for the removal of the Mahomedan Burial ground situated near the Palace, to some other locality in the Civil and Military Station, I am directed by the Officiating Resident to inform you that no other suitable spot for the purpose can be found within the limits of the Station. – I am therefore to inquire whether a spot equal in area at least to the space left unoccupied in the present burial ground and not further removed from the Station, can be found outside the Station limits. If so, the matter can probably be arranged. –

I have the honor to be,

Sir,

Your most obedient Servant,

A. Wylie

In forwarding the accompanying copy of letter from the Resident, the Dy Comr of Bangalore is requested to arrange for allotting a suitable place for the purpose in a different locality. As the Burial ground will be used chiefly by the residents of the Civil & Milty Station it will be best that if the ground adjoins the limits of the Civil & Milty Station

My dear Mr Ramyacharlu

I was under the impression that I had written to you D.V. about the new site for Native Burial Ground, some time ago. The site, is just beyond the Ry line, in continuation of Wheelers road, & above

the Tammenes. The drainage of the new site flows away from the C & M. Station. I have shown the site to Major Hatchy & he approves. So that nothing remains but to arrange about the actual transfer & thus I apprehend can be best done by the Resident, as I have no jurisdiction

non power in the C & M.
station

The the site was
selected a long time ago,
yet the land is only
available now, as the
standing crop has only
just been cut

We are having showers
which are scarcely
good for the crops. I
should like to see a
good plump & then a
cessation of rain. Yours very truly
S Mitchell

To
The Hon'ble Resident
in Mysore.

Sir,

With reference to previous correspondence on the subject of the removal of the Mahomedan burial ground near the Palace at Bangalore, I have the honor to inform you that the Dy Comr of Bangalore reports that in consultation with Major Malleby he has selected a suitable ground beyond the line of the Railway to the North of the Civil & Military Station beyond Wheeler's road & that the drainage of the ground does not come into the Halsoor Tank and that it is in every way unobjectionable. The crop on the ground having been reaped,

Yrs

The place is now available, and it only remains for you to direct the closing of the old burial ground, and to order through the Magistrate of the Civil & Military Station the future burials to take place in the new ground
